

## Site Furnishings

**Site Furnishings:** It is not the intent of Mississippi State University to limit competition, however there are certain aesthetic considerations related to design elements and themes which must be adhered to throughout the entire campus of Mississippi State University or the governing requirement may be related to product function, maintenance, and supply considerations. In addition to providing items of specific function, it is mandatory that any substitutions shall closely resemble the appearance and size of the campus standard. The campus standard for the site furnishings are as follows:

### 1. Cigarette Disposal:

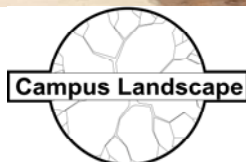

University Policy: Faculty, staff and students may smoke outside a building only at a "reasonable distance (25 feet or more) outside any enclosed area where smoking is prohibited" in an effort to reduce the entrance of secondhand smoke into the structure.

**NO Butts Bin Company**  
**P.O. Box 25 Wolcott, NY 14590**  
**1-888-662-8877**
