

Smoke or Fire

WHEN SMOKE OR FIRE IS DETECTED

1. Pull a fire alarm station to activate the fire alarm system.
2. Evacuate the building
3. Help those individuals with special needs and watch for each other.
4. Close doors as you leave to protect your path from the spread of smoke and fire.
5. Dial "911".
6. Do not be re-entered until the proper authorities can determine an "all clear".
